

The Nations, Part 1 Youth Teaching

What are we going to be doing if we are faithful and we endure to the end in this life, what will we be doing in the next age?

Yememiah: Rule the nations.

How do you know that we will rule the nations? Because it is in the Word, the Bible. So we need to know the Word so we will know these things (Rev 20:4). What we want to attain to is the first resurrection. Not everybody will attain to the first resurrection, but only those in the body who overcome in this life. They will be able to stand and then go into the kingdom. What is going to qualify people to rule with Messiah in the next age?

Luke: Ruling over yourself.

Right. You have to come into self-judgment. We have to all come into self-judgment. If we do that we won't be judged. If we never come into that we will be judged at the first resurrection (Mt 7:1-5). So we have to learn to judge ourselves first. We won't be able to rule unless we can first rule ourselves. We need the help of the body to do that, the ministry of the Holy Spirit in the body working in our lives every day. That is why obstinacy, having resistance in your heart is such a deadly thing. If you have resistance in your heart then you won't be able to be made pure. But if there is no resistance in your heart then the Holy Spirit can work in your heart and change you and form you into the image of Yahshua, make you like Him, bring you into self-judgment where you can judge yourself properly. That's pretty important, isn't it? It is the most important thing. Why is it so important?

Talitha: Because if you can't judge yourself, you won't be able to judge others.

Right. So who is our Master going to rule over in the next age?

John Mark: The nations.

Right. He is going to rule over the nations. Is he going to be ruling over those who rule with Him?

Yahsharah: He won't have to because we will be like Him.

Right. He won't be ruling over us because we will be ruling with Him. He is ruling over us now so that we will learn to rule with Him in the next age. The reason why we need to learn about government is because it says that there will never be an end to the increase of His government. So that means that His government is going to increase by starting in the Edah, then in the next age He will rule over the nations, and then when the whole earth is filled up, then he will fill the universe with His government. It will increase forever and ever. We don't know how He will do it, but we know He will, because it says it.

Can you imagine what it will be to be like Him, like Yahshua? To have His mind, express His heart in everything that we do? That's the way it will be. So we will be leading the nations into celebration for 1000 years. The nations in the next age will be made up of people that at the end of this age have enough understanding to realize what is going on. Maybe like alternative-type people, they won't be hooked into the system. They will see things, but they won't be in the Edah. And when it comes time to take the mark of the beast, they won't take it, and they will be out there in the wilderness somewhere. So when we flee, maybe these people are the ones that will help us, because when we flee we will find help. I think there will be people that will help us.

Some of these people are going to live through the end of this age into the next age. They won't die. They are called *scions*. Scions are people who connect one age with the next. They will be mortal just like us with a fallen nature. A lot of them will be Jews that have been looking at the 12 tribes and have been convicted by the life in the 12 tribes, standing on the earth at the very end, and when Yahshua comes back they will look upon Him whom they pierced, and they will weep and repent and many 1000's of them will go into the next age. It is to those people that our Father is going to fulfill His promise to Abraham that He will make their number like the sands of the seashore.

Only a few people are being saved in this age, compared with the next age. When Yahshua comes back, He binds the evil one and casts his evil spirits with Him, then the mortals who are alive will be the ones who will make up the nations in the 1000 years. There will be thousands and thousands of them who will survive and go into that age. They will start having babies, and because the evil one is bound and Yahshua is reigning on earth,

they will live for 1000 years. They won't die like we die. The only reason they will die is if they are obstinate. Then they will die at 100, because of rebellion. They will have many, many children, perhaps 50, 100 children. We don't know. They won't have pain like we do now.

Luke: In the next age, will those that want to be baptized?

Those people are going to hear the gospel in the next age. Who is going to preach the gospel to them? There are going to be billions, billions of people who will be added to the Holy City in the next age. There is going to be plenty to fill the universe because there will be so many who will be saved in the next age. That is what our Master said in Mt 7:13-14; Mt 24:5. In this age there are only going to be a few people who will be saved in the New Covenant that will be a part of the restoration of the 12 tribes of Israel. We know it will be 1000's and millions, but in proportion to the number of people on the earth it is only a few. But in the next age we will be able to proclaim the gospel for 1000 years to billions of people and there will be billions that will be saved.

Yahsharah: In this age will we ever have like 5000 people baptized in one day?

Maybe in your generation. Will the glory of the latter reign be greater than the glory of the early rain? The glory of the Edah at the end of the age will be greater than the glory of the first church. We know because the early church didn't bring about the end, but the glory of the Edah in the last days is great enough to bring about the end. We are not being arrogant by saying that, but it has to be.

Remember, it is only those who are alive at the end of this age that will go into the next age. Those who have died before will await judgment at the end of the kingdom age. Of those who go into the next age, many will be saved and go into the Holy City. In this age our Father has made a marvelous provision of the nations eternally for people of this age. Because the witness of the kingdom isn't here. The witness is so scarce on the earth that He is going to allow people who live by their conscience in this age to be in the nations in the eternal age. That is His mercy and grace, which is wonderful. But in the next age, He is going to actually rule on the earth.

Yahshua is actually going to rule over the entire earth. He will rule over all the nations of the earth with a rod of iron. So because He is going to be here, and because the evil one is bound, and because those who rule over the nations are just like Yahshua, then you have got two choices for the people who live in the nations. They either believe the gospel and are saved into the Holy City, or they will believe the evil one and deserve to go to the lake of fire.

That's why we can understand that our Father is filling up the nations for the eternal age in this age. They are almost filled up because we are at the end of time. There has been 6000 years where people have been dying and going into death, but still at the resurrection they will be worthy of the nations. So the nations have been being filled up for 6000 years. We are almost at the end of the time where people are going to be able to qualify for the nations of the eternal age.

Leshem: What about the people who take the mark of the beast? Where will they go?

They will go to death, and then to the lake of fire.

General: What about babies, etc.?

Is our Father just, merciful? No baby is going to take the mark.

Luke: What about some person who doesn't even know what he is doing?

They will know it is wrong. We know that as time goes on in this age, as you grow up, get married, have babies, and then your children have children, as time goes on, the light is going to get brighter. Are you guys just going to be duds, or is there going to be a greater glory upon you than is upon us? It has to be that way until the third and final generation there is going to be the purity to actually bring forth the 144,000, the male child. Therefore the light is going to get brighter and brighter, the righteous will get more righteous, and the ungodly will get more ungodly. So at the very end, when it is time to take the mark of the beast, say 3 1/2 years before the end, the whole world is going to be filled with total corruption and everybody that can be saved has already been saved.

So people that take that mark are worthy of the lake of fire. Because they have lived their life, seen the twelve tribes of Israel, you can't imagine the glory of the twelve tribes of Israel. The power and light and vision that will come to the nations from the twelve tribes — the world has never seen how magnificent it is going to be. Think of the Maritimes, filled with communities that love one another, that have wisdom that surpasses

anything the nations know. In Israel of old, didn't the nations around them fear them? they said, "Your God is with you!" They feared the God of Israel. They will fear the God of Israel in the last days also. Right now we barely have enough power for them to know that we have a God. We are just barely beginning, in the embryo stage. But you are the ones, you and your children and your children's children are going to see His power displayed and upon us in increasing measures, to the point where in the very last days when the 144,000 are sent out, they will call down the plagues that you read about in Revelation. What do you think the trumpets are in Revelation? Is it going to be John Mark blowing a trumpet? What will it be?

Yahsharah: I know that right now in our weddings that it is the men who are the trumpets.

That's right. It is going to be the prophets and the angels will be upon them. It says that a powerful angel comes out of heaven and declares like in Rev 18:1-2. Is that actually going to be an audible voice from a spirit? An angel comes down and all of a sudden its like a loudspeaker and this voice says "Fallen, fallen is Babylon." Is that how it will be? You don't believe in fairy tales, do you? That is a Christian fairy tale. It is going to be men filled with the Holy Spirit, in the power of the Holy Spirit. Do you know what the power of the Holy Spirit is? It is angels upon you, the power of angels upon you.

Yahsharah: so there won't be anybody at the end of the next age that will go into the nations.

Right. Because the glory of His rule will be so much greater in that age. Everybody in that age will have the opportunity at least once to go to Jerusalem and see Him personally. Actually see Yahshua. Can you imagine seeing Yahshua, seeing His rule for 1000 years over the whole earth, and not believing? If after that you don't believe in Him with all your heart, you deserve the lake of fire. Everybody will deserve what they get. You, me, Kent Blades, David Wilson, everybody that has ever lived will deserve what they get. So there won't be any whimper of protest going up to God, not a hint of accusation. The accuser will be cast down and there won't be any more room for accusation.

John Mark: Why won't there be an opportunity for those who never had a chance to hear about our Father to hear and receive and go into the Holy City?

The people who make it to the nations are going to be overjoyed. They won't have any accusation against our Father. What you have to understand is that our Father loves and needs the nations. Evidently He loves them because there are nations in this age, in the next age, and forever and ever. So evidently He cares about them. They are part of His purpose. So that is why there is going to be the nations, because they are part of His purpose. He is the creator. He has all that worked out. Worked out so perfectly so that there won't be one hint of strife or jealousy in those who will be in the nations.

John Mark: I just feel bad for them. I wish that now they would have opportunity to hear.

They are already destined for the nations. But if they lived in this day they might not make it to the nations. Because this is a really evil day. you have to understand that a lot of people who lived in the days of old, when most of the people who will be in the nations went into the nations, they weren't in an evil day like we have today. They will be thankful they didn't live in the last days.

John Mark: I'm thankful I'm not part of the Zakar, it will be so hard.

But there will be grace. Don't you think that you will do greater deeds than we do? Won't you be greater than your parents? So you go from glory to glory. If we don't then we are not Israel. If there is less glory in you than there is in us, if we understand and have things greater and deeper in us than you have in you, then we are no better than Christianity.

Yahsharah: But you do have greater understanding than us.

We may have greater understanding now, but right now you have been trained and your spirit is open and you are teachable. You can be taught. It has taken 15 years to get just a little bit of light into us because of so much resistance, so much stuff from the world, so much defilement, so many bad attitudes, so many spirits that we were so deeply connected to. Like you are being taught, we were taught for years in a whole other spirit. when we were innocent we opened up our heart and all we got was lies. No answers. So therefore it has taken us years to be able to have just a little bit of light. So you come along and you have problems in your lives, right? But you don't have deep roots in the world. You need to thank, praise your God every day that you don't. So here you are, 13-18, you've been trained, you're not rebellious children, and you can be taught, it can go into you,

and you can understand. It will go deep into you and you will have greater passion than we have. But you will never be able to make it without us. Its like the stem. Like Isaac and Jacob and the twelve sons needed Abraham. He was the stem for the next three generations. You have to have the stem. You are the junction between the stem and first generation.

John Mark: I don't think I will ever get married. I don't want them to have to go through what I go through. What we go through. It's not worth being born in this age.

So where would you like to have been born? In some corner of the universe where this struggle isn't going on? Do you think that it meant anything to our God that this struggle would be over? What does it mean to Him? How much does it mean? It means everything to Him. Was He willing to pay any kind of price to see that happen? Are you willing to pay that price? Are you created in His image? Don't you think that there is something deep inside of you that wants to see all this come to an end? Do you know why? Because you are created in His image. So what is in His heart is in your heart. So you are going to do it. That is the fruit of growing up in fantasy. Wishing you were somewhere else of something else. That is fantasy. The reality is that we were created in the image of God and He has a purpose on earth and there is a struggle going on. A great conflict. And we have to get on His side and say, "Okay, I'm standing over here and I want this to come to an end. I want to give my life to see it come to an end." that is what anybody that has anything in their spirit toward God will want.

Why do you think people in the nations go out with these causes like being against nuclear war or starvation? Because they know its not right. All kinds of causes because they want to see an end to injustice. A lot of people waste their whole life like that because they haven't found the truth. The only way it will ever come about is for our God to have a people that can actually be a nation that will be a light to the whole world that can actually bring the end of this age about. That is the most important thing, the highest calling there is. It's why you have the responsibility to take the life of the spirit that is in Yahshua and let that life and Spirit grow in you. Long for it, pray for it, seek for it with all your heart, because it means everything. What we are doing is the hope of everybody that is out there being against things like starvation. People have given their whole lives to see people in third world countries get food. But their whole life is in vain if we don't become Israel. We are the hope that what they have in their heart can come about someday. Even though they might be putting their hope in other things, it is because they have never heard the gospel, they have never heard the truth. The whole world is waiting for the Israel of God to be raised up.

So the point of all this is this: do you think that our Father wants us to be able to rule the nations now? What does He want us to do? How are to relate to the nations now? Look at Isa 49:6 and Mt 5:14-16. So how are supposed to relate to the nations? We are to be a light to them. So therefore that is the beginning of learning to rule the nations. The beginning of ruling the nations is learning to rule ourselves, and because we are learning to rule over ourselves, that qualifies us to be a light to the nations. If we are disobedient to our God, will we be a light to the nations? No. Because light comes from the life. So he who has the Son has the life. If we abide in the Son, we will have the life, and if we have the life, that life will be a light to the nations. That is what we are doing in this age, so we need to learn about the nations, everything God has said about the nations, what he expects of the nations, what governs the nations, so we can learn to govern the nations.

We have to relate to the nations, don't we? They have to relate to us, don't they? We're both on this planet, right? Two kingdoms: the nations and Israel. There is a way our God wants us to relate to them and there is a way He wants them to relate to us. That is what we need to learn. That is how we begin to learn to judge the nations.
