We must pass this on to the households for unity's sake: We can use the name Jesus, the Lord, Yahshua, when talking to Christians if you think you will lose them — “the little old lady.”

For a special thing (like the 50 Christians coming), we can eat earlier on fast day.

When women go out to speak on the community's behalf we can't let them go so far that people think that the women are the leaders. It is a bad place for them to be in. It is fresh and powerful for the women to speak because of the symbol of authority on their head. They are covered because they are submissive. Ps 68:11 12 — When women are truly submissive and covered they will be the great witness.

We should always have the parent discipline their child. Only in your absence does someone else discipline them. We need to establish the parent's authority. We don't believe in group discipline. The mother can ask for help in the father's absence. If the parent can be gotten, then get them. Parents discipline their own children.

Rom 12 or 13 about vengeance — admitting wrongdoings.

Rom 12:19; 2 Cor 6:14 — You can't collaborate with an unbeliever a joint project — as with Robert Houriet.
