

Authority and Capital Punishment

Delegated authority is sent to act by another with the same authority as the one who sent him (standing in his place). *Authority* is lawful right to enforce obedience. There is a difference between power and authority. Satan has dominion and power over the whole world, but he has no authority. You do not have to obey him because, even though he has power he has no authority. You can come out from that power because you can come under another's authority because Satan has no authority. Just like the flesh, the flesh is lawless. You don't have to give in and obey the flesh.

Capitol Punishment (Num 35:16 34) defiles the land, based on Gen 9:6 – law for the nations. Israel incorporated the law of the nations of capitol punishment into their government because it was a good law. The nation is polluted by politicians who do not follow the law, capitol punishment. Num 35:33 34 – There is no atonement, no expiration except by the blood of the one who shed it. The stone will annihilate the nations who do not obey this. The nations will be judged by it if they don't live by it. Being led by the Spirit is being in the right place at the right time, then you are the sons of God. The sons of God are led by the Spirit.

If we allow the flesh to rule over us we are unworthy of Messiah's rulership. We must stand and walk as He walked. If we let the flesh rule over us then we let something that is dead rule over us. The flesh has no authority over us and is lawless. We can get the grace every morning to be pleasing to Him, by cutting off and starving the flesh. The movement had no authority, no rules and regulations.

Capitol Punishment – The stone will have to annihilate. The stone has to, because there is no atonement.

Flesh (Rom 8:1 14) — Paul told people that Yahshua was raised from the dead, He had the power to keep us from death, Paul led the life that exhibited the power. It works in us if we have our mind on the Spirit, It is a powerful thing that Yahshua rose from the dead if you see that in the light here in Romans 8.

We must preach to the nations so condemnation will come. The Male Child may not go into California because we will bring the same gospel as we progress.

The Spirit has all legal authority to rule over the flesh. Legal authority will soon pass away, the age of lawlessness is coming; when the Man of lawlessness takes over we must flee – because there is no legal protection. Even under Nero obedience was demanded, laws had to be obeyed.

When we go to California we will be talking about authority and capitol punishment. Gen 9:6 — They don't see man created in the image of God. People who don't believe in capitol punishment (or believe in abortion) actually don't respect that man is created in the image of God because they don't care about the person (or baby) that was murdered.

Our Father is looking for anything to show the nature of the person, whether they are worthy of the nations. Gen 12:2 3 is significant for us – how the world treats us – the seed of Abraham – is how they will be judged.

Conservative may or may not recognize, or be less tolerant. We must pray and support government that upholds Biblical principles, that tries to conserve what is good, to deter as long as possible the age of lawlessness. The Supreme Court is very important in the USA, to be conservative, to deter the age of lawlessness as long as possible liberal government will not deter this age of lawlessness.

California – is our Father confirming our mission to California? Yoneq needs to know. We will speak right from our papers, the powerful articles, and people will want the paper. Our message must be so powerful, with authority to cut through all the other messages and prophets of doom who always predict the end of California. Our message must be formed and have authority and power.

Our flesh can't maintain these things for 50 years. We must wax and not wane. The hard part is to maintain this unity and obedience for 50 years.

We must thank Him for life and our daily life and provision – acknowledging Him in all our ways and He will direct our path. His life and word is alive in our midst, we must keep it alive.

Rev 12 – Satan, knowing that his time is short, will do as much havoc as he can to God's purpose – doing as much damage as he can.

We must recognize all authority in the nations and in the Edah. We look for, recognize and submit to authority.

This is why our Master prayed for oneness in John 17. When we go somewhere and no authority is designated there is still authority to be submitted to, recognizing the graces. This is authority. Not recognizing authority is having problems with God. Lucifer became Satan because of a thought he had, and he could never carry out what he was thinking. He got a third of the angels to think that way.

Our obedience to His laws brings judgment to the nations; it exposes the nations lawlessness; by our obedience they are conscious of their sin. This is done without human hands. This will enable us to judge the nations later.

The Stone are the called, the chosen and the faithful (Dan 7; Rev 17:14). The Stone will not fear when He comes because they were obedient to authority. There is no fear of authority, no shrinking back. But in the world they have a great and awesome fear that they will want to go into a cave and have the rocks fall on top of them.

Any disrespect in us shows that we do not recognize and respect authority. It shows that we are disrespectful to God, and we are not being cut out of a mountain to be the mountain. How can we say we love and obey God if we have this disrespect.

Delegated authority is one sent to act by another with the same authority as the one who sent him (standing in his place). *Authority* is the lawful right to enforce obedience. So we can see any disrespect shows that you do not respect the one who established and delegated the authority in the first place. All authority comes from God and He delegates it to whom He sees fit, so if someone has authority they actually stand in God's place because it is delegated by Him. So any disrespect goes directly against the one who delegated it in the first place.
