

## **What is a Smoldering Wick and a Bruised Reed?**

How do we feel about ourselves? Isa 42:3; Mt 12:20 — What do you think about yourself? Our Master said that He wouldn't put out a smoldering wick. Do you know of any smoldering wicks? What does He mean by that? What is a smoldering wick? What is a bruised reed? He will try to mend it. Everything is precious to Him, even plant life. But He is not just talking about plants, He is talking about human life.

Has justice been led to victory yet?

No one will hear his argumentative voice in the streets.

What is a smoldering wick if it is pertaining to human life and not just to a candle? He heals, mends (Ps 72:2-4). We heal and mend in each other's lives.

Who is He going to save? He will only save the children of the needy. Are you needy, parents? He will save your children.

Would you regard yourself as a smoldering wick? Who is a smoldering wick? You are either a smoldering wick or your candle is burning brightly. Sometimes the wick needs to be trimmed back so that it would not cause too much smoke.

Isn't it wonderful that our Master is like it says in Mt 12:20 about Him. He heals us. He won't put out a smoldering wick or crush a bruised reed. His character is to restore, to bring back to life. He is near to the brokenhearted and those crushed in spirit (Ps 34:18).
