

Undoing the Works of Satan

[The notes of this minchah should be used in conjunction with the notes of the social meeting, 2 December 1996; 2 December, Morning Minchah and 3 December, Evening Minchah. These all use the names "Bill", "Ann", and "Pat" for the sake of discretion.]

It seems that Ann wants to express her heart, but I think it would be better for a few sisters to get with her during the day. I love her, we all love her, don't we? The sins are passed on to the third and fourth generation. We have to be understanding, forbearing, and patient. Our Master came to undo the works of Satan. That's what we are about.
