

Tossed To and Fro

ha-emeq — Shared about how Shua's newborn baby being swaddled keeps it on the narrow way, and that's the parents' work all along, keeping it on the narrow way.

Paul said we should no longer be like infants, tossed to and fro with every spirit. Children are not in control of it except for the parents' tight hands. Speaking the truth in love we grow up in all things. Our children are growing up in all things, all aspects — social aspects, mental aspects, their spiritual growth, emotional growth. They are not retarded in any way — socially, mentally, emotionally, spiritually, or even physically. They are growing up. But you can see that infants, if left to themselves, will be tossed around by every spirit. Outside of Messiah, people put them in front of a television, let them read whatever they want to read, let them go wherever they want to go, let them do whatever they want to do. But we are the sons of God.

Chanowk — That's the revelation of the Holy. The nations don't have what we have for our children. They don't have the way we have. The nations used to know to raise their children according to the Everlasting Covenant, but now they don't discipline them anymore and they are led along by EVERY evil spirit. Look at the world. From sodomy to art to education to food. But our job is to keep our children in a way and teach them to recognize different spirits. The flesh is always contradicting the spirit

We have to learn to distinguish between the spirit that is resisting us and the spirit that is yielding to us, and we have to keep them in the yielding spirit. The evil one has done an excellent work. Here we are destroying the works of the evil one.

Abiyah — We have received a Spirit that is stronger than the spirit of the world.

Sharat — If we don't rule over the spirits that come to us, if we don't rule over worthless spirits, then we will pass them onto our children. Our Father didn't make a mistake in choosing us.

Eph 2:2 — We have to understand this. *"According to the course of this world, according to the prince of the power of the air, the spirit who now works in the sons of disobedience."* Our Father has brought us into an environment where we can control the situation. Even here the prince of the power of the air continues to try to work. So we have to be on the alert. He is seeking someone to devour — our children. That is why we have to help each other. *"Protect them in Your name, the name You gave Me."* We pray to the Father in Yahshua's name.
