

## **With You in Spirit**

Paul had to make a judgment while he was away from the Edah. They had to make a judgment, and Paul said that he would be there with them in spirit. I wonder if we can do that...be there in a spiritual way. He was there in spirit with them to make that judgment. I wonder how you can make your spirit go somewhere. Our Master's Spirit is here.

He said if a person is in prison, we're to be in prison with them. As if in chains with them. We can be in prison with Chayim by not forgetting him. Whatever it means, we have to do it.
